Steve Forbes, son of publishing giant Malcolm Forbes, is editor of *Forbes Magazine* and in 2004 was a candidate for the republican nomination for President of the United States! Says Forbes,

We must encourage American businesses and farmers by weeding out the excessive red tape that Washington has been creating over the past decade. Regulations act as a hidden tax, and if we are not careful, they can begin to suffocate small businesses, destroy jobs and choke off economic growth.

Experience the economic and financial insight of Steve Forbes!!

Friday; March 31st at 6pm!!

Rudy Giuliani, TIME Magazine's 2001 *Person of the Year*, gained international fame during New York City's direct terrorist attack on September 11th! After fighting organized crime, drug dealers, corruption in government and white-collar criminals as New York City's US Attorney for the Southern District of New York (he has a record of almost 4200 convictions and only 25 reversals); Mr. Giuliani went on to lead New York City as its mayor. On leadership, Rudy says,

There are many qualities that make a great leader. But having strong beliefs, being able to stick with them through popular and unpopular times, is the most important characteristic of a great leader.

Join possible 2008 candidate for President Rudy Giuliani!!
